

Small project based on python

1.	Create Acronyms using Python
2.	Alarm Clock with Python
3.	Email Slicer with Python
4.	Story Generator with Python
5.	Generate Password with Python
6.	Play Rock, Paper, and Scissors with Python
7.	Dice Roll Simulator
8.	QR Code Generator
9.	Animal Quiz Game
10.	Print Coloured Text
11.	BMI Calculator
12.	Fahrenheit to Celcius Converter
13.	Taking Multiple User Inputs
14.	Convert Roman Numbers to Decimals
15.	Digital Clock GUI
16.	Get Desktop Notifications with Python
17.	Use Your Phone Camera for Computer Vision
18.	Music Player GUI
19.	Game of Life with Python
20.	Extract Text from videos
21.	Fidget Spinner Game
22.	Spelling Correction with Python

23.	Create Amazing Graphics with Python
24.	Monty Hall Simulator
25.	Video to Audio Converter
26.	Tic Tac Toe GUI
27.	Calculator GUI
28.	Number Guessing Game
29.	Image Converter GUI
30.	Weight Converter GUI
31.	Visualize a Chess Board with Python
32.	Age and Gender Detection
33.	Bar Code and QR Code Reader
34.	Create Audiobook with Python
35.	Face Detection
36.	Extract Text from PDF
37.	Web Scraper with Python
38.	Create a Pencil Sketch using Python
39.	Text Editor GUI
40.	Instagram Filters with Python
41.	Count Number of Rainy days in a year
42.	Send Emails with Python
43.	Image Segmentation
44.	OTP Verification GUI
45.	Deploy a Chatbot

46.	Create a Telegram Bot
47.	Scraping Twitter without API
48.	Text to Speech Converter
49.	Keyword Research with Python
50.	Scrape Instagram
51.	Image Filtering
52.	Weather app
